ABOUT US

LAKEFIELD ANIMAL WELFARE SOCIETY

Each day **Lakefield Animal Welfare Society (LAWS)** accepts adoptable animals as strays, from shelter transfers, owner surrenders, and other rescue organizations. Our goal is always to find each animal a loving home. We are committed to our mission of helping to control animal disease and population and do so through the following ways:

- Assistance in emergency situations and rehabilitation of injured and ill animals.
- Feral spay and neuter program in collaboration with community members.
- All adopted animals are vetted, vaccinated, spayed/neutered, age permitting.
- Assistance to concerned individuals attempting to help animals in their own community, with advice and supplies when possible.
- Our Foster Home Program helps rehabilitate and socialize pets and is an integral part of our organization.
- Educating the community about disease prevention and population control.
- Our policy is to develop a viable plan for even the most hard-to-place animals in our care.

20 YEARS OF DRIVING CHANGE

Over two decades, the LAWS Golf Tournament has become a cherished tradition, bringing together long-time supporters, local businesses, and new friends in support of animals in need. This event helps fund the day-to-day care of dogs and cats who come through our doors, ensuring they receive medical treatment, nutritious food, enrichment, training, and compassionate care while they wait for their forever homes.

Every tournament helps strengthen our ability to continue saying “yes” to animals who need us most. More than a day on the course, it is an annual celebration of the community that makes our work possible.
